SUMMARY

Motivated B. Tech student with skills in software development, problem-solving, and web application development. Seeking an opportunity to apply technically, learn new technologies, and grow professionally in the IT industry.

EDUCATION

B. Tech in Computer Science and Engineering **Graduating 2022 – *2026***
JNTUK **Percentage:76.2%**
Kakinada Institute of Engineering and Technology, Korangi
Artificial Intelligence and Machine learning

TECHNICAL SKILLS

Language: Python
AIML: Machine learning, NLP, Computer vision, Deep learning, Generative AI, LLMs
Web Technologies & Databases: HTML, CSS, Streamlit, SQL
Tools and frame works: Github, Vs code, Git, Flask
Other skills: Communication, Adaptability, Leadership, Time management

PROFESSIONAL EXPERIENCE

Innovexis Remote - AI/ML Intern **Aug 2026**

- Worked on AI/ML projects involving data preprocessing, model development, and evaluation.
- Applied Python and machine learning techniques to develop and test practical solutions.

Skill Craft Technologies Remote - *Machine Learning Intern* ***Apr 2025***

- Worked on projects involving Python, AI/ML, and Software development
- Applied technical and problem-solving skills to develop practical applications.

ACADEMIC PROJECTS

Image Captioning (Computer vision)
Created a Python application that generates captions for images using AI.

- Implemented image upload and automatic caption generation using Python and deep learning.

Emotion Based Music Player (Deep Learning)
Created a Python application that detects facial emotions and recommends suitable music.

- Implemented facial emotion detection and emotion-based music recommendations using Python and DeepFace.

Job Portal Application (Java + MySQL + React)
Developed a web application to connect job seekers with recruiters.

- Implemented job search and filtering features.
- Added resume upload and online job application functionality.

AI-Based Resume Screening (Python + NLP)
Developed an AI-based application to analyze resumes and match candidates with suitable job opportunities.

- Implemented skill extraction from PDF resumes.
- Added job matching scores and suitable role recommendations

CERTIFICATIONS

- JAVA Full Stack Virtual Internship – AICTE
- Foundations of Modern Machine Learning – IIIT Hyderabad
- Certificate of Devops workshop

ACHIEVEMENTS

- Merit Certificate – Naukri Campus Young Turks 2025 Secured 97.29 percentile in India's largest national skill contest.
- Academic Topper: Achieved 8.32 CGPA among the students in the batch.
